## **BJÖRN SHEN**

### **founder**

Björn Shen is a bilingual composer with professional proficiency in both English and Chinese, with a Bachelor's degree in Film Scoring & Contemporary Writing and Production from Berklee College of Music. He began his professional career in his second year of college interning at one of the top video game audio companies in the world Hexany Audio - doing sound design, music composition, sound editing & mixing.

At age 16, Björn's music was premiered at the Shanghai Oriental Arts Theatre by the ISCMS orchestra and conducted by Robert Hasty after winning the prestigious Karl Jenkins Composition Award.

In 2018, Björn's outstanding talent was found suitable for Director Jiang Wen's feature film- "Hidden Man" (邪不压正), and he was brought on board as composer. "Hidden Man" has represented China to compete for Best Foreign Language Film at the 91st Academy Awards. Most recently, Björn cooperated with Stephen Chow and Zhang Qi to compose the track for the trailer of "The New King of Comedy" (新喜剧之王), and has also recently composed the trailer music for "Terminator Dark Fate" directed by Tim Miller.

Aside from composing, Björn has performance experience in a wide variety of styles including Pop, R&B, Rock and Jazz. Some of his performance highlights include sharing the stage with the Rolling Stones and performing with the King's Singers.

## **YURI GOTO**

### **music composer**

Yuri Goto, with a Bachelor's degree in Electronic Production and Design & Film Scoring from Berklee College of Music, is an award-winning musician who has won the Louis Armstrong Award- the highest level interscholastic award- in 2015.

In 2017, Yuri worked as the lead sound designer and audio editor at Mattimation Entertainment that released the mini TV series "Sirenetta and the Second Star" on Amazon Prime.

In 2018, Yuri joins Brunch Music as Music Composer. Yuri is currently collaborating and producing music for Meresha who has made billboard charts 7 times and has been the #1 indie artist on US radio for a month with music being played on MTV, FM Radio, Sirius XM over 14 million times. Yuri is also leading 2 ongoing VR projects "In a Child's Mind" and "Coffee Bean".

## **PEDRO OSUNA**

### **music composer**

Pedro Osuna writes music for films, video games, and the concert hall, from large orchestral projects to electronic music.

Born in Granada, Spain, he studied classical piano at the conservatory and started orchestrating for other composers at age 16. At age 17 he got a scholarship to study at Berklee College of Music, where he conducted the Berklee Symphony Orchestra and graduated Summa Cum Laude. Only three months after graduating, he had already worked on 4 feature films.

While in school, he won the most prestigious award given by the Berklee Film Scoring department - the George Delerue Award. He was awarded an Honorable Mention by the MTNA competition in 2017, a Special Mention for "Most Remarkable Musician" at the IBLA Grand Prize and the Rick Applin Award for outstanding achievement in fugue composition.

His most recent projects include the Academy Award Nominated animated feature film Klaus (2019) and James Bond 007: No Time To Die (Music by Hans Zimmer)

## **BRANDON LAU**

### **music composer**

Brandon Lau, after his graduation with the Berklee Achievement Scholarship, has first-hand experience working with redCola - the company that produced the soundscape for Black Panther, Ready Player One, Dunkirk, etc.

Brandon is an expert in sound design and electronic music, and he is a successful record signed EDM artist whose tracks have gained 14k followers (Matrix Music Records).

Brandon, with multiple identities as Trailer Music Composer for exclusive publishers, Composer for Medigraytion, Lead Composer and Head of Audio at Contagion, is currently working as a music composer in Brunch Music.
